FILAMENT STRAPPING TAPE

FIBERGLASS-REINFORCED. GRIPS & HOLDS TIGHTLY.

We offer a complete line of Filament Strapping Tape. Strands of fiberglass reinforce the polyester film base and are backed with an aggressive rubber adhesive, resulting in a powerfully strong tape.

These tapes are characterized by very high tensile strengths, superior filament delamination resistance, and a high cohesive strength adhesive.

Great for bundling, carton-sealing, palletizing, and unitizing.
