GAFFERS TAPE

**DURABLE, CONFORMABLE, & HAND-TEARABLE.
HIGH TACK, TENSILE STRENGTH, & HOLDING POWER.**

Gaffers Tape is well-known for bundling wires and taping down cords/lighting/props in the audio/visual, television, photography, theatrical, and motion picture industries.

However, it is also very popular in the book-binding field. With excellent temperature resistance, adhesion, and clean removal from most surfaces, these matte-finish tapes can also meet the high standards required for commercial and industrial use.

What we stock is a standard professional grade (P-8) Gaffers Tape for general use in the entertainment, convention, hospitality, exhibition, and trade show industries. It can also be used for book-binding, masking silk screen frames, color-coding, labeling, and stage marking.

We offer a complete line. Please inquire regarding additional sizes, colors, and lead times.
