SOLID BRAID NYLON EXTRA CORD

THE RELIABLE PERFORMER

Our Sold Braid Nylon Extra is a round cord -- great for applications involving blocks, pulleys, sheaves, and winches. This cord has very good shock load resistance, as well as notable rot, mildew, chemical, and abrasion resistance.

We use polyester yarns to reinforce the nylon fibers, thereby enhancing UV and abrasion resistance. Knots well, and stays round without distortion. Our lock stitch construction prevents the cord from unraveling when cut. This cordage cannot be spliced. White.
