ARBOR ROPE

SUPERIOR 16-CARRIER BRAIDED TREE ROPE

Our Arbor Rope (tree rope) is made of a 16-carrier braided polyester cover with a nylon core.
The sturdy construction makes this the ultimate tree rope for climbing.

The polyester cover contributes notable tensile strength, weather resistance, and abrasion resistance.

Our Arbor Rope features a low stretch, and holds a knot well. The smooth cover translates into less snags; and, our braided construction ensures torque-free lifting/lowering.

Our standard 1/2" diameter lends itself to an easy grip.

DIAMETER	LENGTH	SHIPPING DIMENSIONS (L x W x H)	SHIPPING WEIGHT	TENSILE STRENGTH
1/2" (12.7MM)	150'	20.0" x 7.0" x 7.0"	14 LBS	6,800 LBS
1/2" (12.7MM)	600'	15.0" x 15.0" x 15.0"	52 LBS	6,800 LBS
