SISAL ROPE & ROPE COILETTES

SISAL ROPE

THE TRADITIONAL GO-TO FAVORITE

Our Sisal Rope is 100% all-natural and is made from the finest Brazilian sisal available. It's a great general purpose rope, and is relatively durable and has good knot-holding abilities.

Sisal is a hard natural fiber, with approximately 20% less strength than manila. Nevertheless, it does have good resistance to sunlight, and moderate stretch. Sisal must be stored dry to avoid mildew; and, care must be taken to avoid exposing it to chemicals.

Common uses in the workplace are bundling and tiedowns, where strength is not critical. Environmentally friendly and biodegradable - makes it ideal for livestock and pets.

Custom sizes, lengths, and put-ups are available.
